

Dear Comrades,

We have translated in Italian and published on our website all documents of your 19th Congress. Our objective is to allow the Italian communists to know the great effort of theoretical and political elaboration made by your Party to get it ready for future battles that attend it.

We wish that its reading and study could also give useful indications in Italy to our common struggle against capitalism and for Socialism.

With our modest act of militant solidarity, we desire to express our greetings and congratulations on the occasion of the 95th Anniversary of the KKE, the glorious Party of Greek working class.

With Communist greetings,
